NO. 50.

The War.

Desperate Fighting on Heights around Port Arthur.
Cherof, August 3.—In three days desperate fighting at Port Arthur the Japanese were driven back after fierce slaughter.

The losses to the Russians reached 6,000, and the Japanese 20,000. The Japanese showed fanatical bravery in charging the heights, and were mowed down in hundreds by the Russian shells.

The Russian hospitals are swamped, and the conditions inside the city are terrible, the Chinese being driven out to make room for their own for the wounded.

The fight began Saturday. Japanese Cruiser Sunk.

St. Petersburg, Aug. 3.—The Russians have sunk the Japanese armored cruiser, Kanagi, brought from Argentina.

Another British Steamer Sunk. Vladivostok, August 2.—The Vladivostok cruiser division returned to the port at four o'clock yesterday afternoon.

They captured during their cruise the steamer Arabia and destroyed some schooners, a small Japanese steamer and one British steamer. The last mentioned two were carrying contraband and had nearly reached their destination, Yokohama, but were almost without coal, and it was impossible, therefore, to send them to Vladivostok. The cruisers were in perfect condition.

Koroki Victorious.
Tokio, August 2.—After two days fighting General Koroki has defeated the Russians in two separate actions fought at Yushirik and the Yano pass.

Gloomy over Their Defeat.
St. Petersburg, August 2.—The feeling at the War Office was distinctly gloomy this morning. No official telegram had been received by the General Staff from General Karatkin, who was communicating direct with the Emperor, but from private sources at the front it already was apparent that Nanchang, 15 miles southeast of Hai Cheng, at the junction of the Fung Wang Cheng and Shi Yen roads had been lost, General Stakelberg's outposts having fallen back to Hai Cheng. No word was received enabling the staff to either confirm or deny the reported capture of the late General Count Keller's position at Khavren, east of Liao Yang, and Yung pass 30 miles east of Liao Yang, but heavy fighting continues on both the southern and eastern fronts, with the object of the Japs in the east being to flank General Keller's corps from the south and north, which is easily possible. The progress of the developing movement may have forced the corps to retire on Lianchiang, which is the next position in the direction of Liao Yang.

Successful Picnic.
A most successful outing, and one highly enjoyed by those present, was the picnic given by the Ladies' Guild of the Church of England last Wednesday. The day was ideal for an occasion of the kind, the best of good cheer prevailed among those participating, and withal the first feature of the kind under the auspices of the ladies will be remembered as a very successful one. The grounds chosen were on the site which the town is trying to secure for park purposes, and to say they are ideal for the purpose is placing the excellence of the site mildly.

Lunch was served at five o'clock to over seventy persons. Among the estates were all the delicacies which the country affords or the culinary ability of the ladies could prepare.

After tea several games were held which were entered into with zealous enjoyment by both ladies and gentlemen. Those responsible for the affair are deserving of great credit, and it is to be hoped such functions will be more frequently held. They go a long way in the binding of friendly ties in a new settlement where all are comparative strangers to one another.

VANCOUVER SCANDAL.

Doctor Charged with Murder.

Vancouver, August 2.—Dr. Robert Telford, charged by a coroner's jury with causing the death of Hattie Howell by an illegal operation and placed under arrest, is now formally charged with murder in the first degree, and will have to stand his trial.

The city is greatly excited over the trial events have taken, as all the parties are well known. Miss Hattie Howell was a great favorite in society, while her father is collector of customs, and is a well known figure in business circles. It is stated on good authority that the latter will share no pains in fixing responsibility on the party causing his daughter's death.

The Telford case is one of the proprietors of the Burrard Sanatorium, was on the stand nearly all Saturday morning as well as for a couple of hours Friday afternoon. He stated that Telford was one of the proprietors of the Burrard Sanatorium, was on the stand nearly all Saturday morning as well as for a couple of hours Friday afternoon. Keep A-Goin'!

If you strike a thorn or rose.

Keep a-goin'!

If it hurts or if it stings.

Keep a-goin'!

'Taint no use to sit an' whine.

When the fish ain't on your line.

It's your hook an' keep on tryin'.

Keep a-goin'!

When the weather kills your crop.

Keep a-goin'!

When you tumble from the toy.

Keep a-goin'!

S'pose you're one of every kind?

Gettin' into one every time?

Tell the world you're feelin' prime.

Keep a-goin'!

When it looks like all is up.

Cutting off Rates to Alberta Settlers.

The rush of settlers into Alberta just now is a curious rebuke to the policy of the American lines which have withdrawn the cheap rates to Canada for the summer.

The Burlington, the Milwaukee, the Northern and Northern Pacific entered into an agreement not to sell tickets at reduced rates to Canada until after the world's fair. This was for the ostensible purpose of diverting traffic to the fair, but the wiser ones knew it was the deliberate result of a plan to discourage immigration to Canada. It is said, however, that these cheap rates will be resumed as soon as the fair closes and that a large number of settlers are awaiting the restoration of the old schedule.

Death of T. G. Russell.

Last week we reported the serious illness of Uncle Tom, Russell, from paralysis. The old gentleman succumbed to the attack after six days of illness and departed this life at 9 o'clock last Sunday morning. He was laid to rest Sunday afternoon in the Forest Home cemetery funeral services being conducted by Rev. J. A. Mair.

Thos. C. Russell was born in Clark county, Ohio in the year 1829, being at the time of his demise of the advanced age of 75 years.

During his career of three quarters of a century the deceased was known as an honest and upright man, and an honorable citizen. His wife preceded him in death some ten years and since then he has made his home with his nephew, George Russell. Among those who mourn his death are his nephews, George and Tim Russell and his niece, Mrs. J. B. Bright, of this place and a nephew in the States, all of whom will be extended the sympathy of a large circle of friends.

Bremer Under Bonds.

J. S. Bremer, who is charged with receiving \$300 of the famous \$100,000 mail robbery from Wilcox, who is now serving his term for stealing the same, was last Friday brought before Judge Newlands of Regina. He was dismissed until the next sitting of the court on \$3000 bond. The \$300 has been charged to Bremer, but he claims he did not know it was stolen money.

To Bachelors.
There are some hundreds of thousands more men than women in the Central and Western States of America and in Canada.
As a result thousands of trustworthy single men are in these countries, thousands of good, intelligent and attractive girls—many of them daughters of farmers, all qualified to make excellent wives—no thing before them while they stay here but the prospect of living and dying as old maids and to this, is a decidedly unpleasant prospect. They would willingly emigrate to America, could they be assured that they were going to meet worthy men there as husbands, and that they could look forward to a happy, if humble home on the other side of the Atlantic.
We say that all of all them could afford to emigrate at their own expense.
We are prepared to give them introduction to the land of their choice.
If you wish to get an introduction please write us with such particulars as you desire (age, nationality, occupation and circumstances) as a sensible girl would expect to get and we shall write you in reply with a view to bringing about a suitable introduction without undue delay.
Tell us what kind of a wife, (age, nationality, appearance and disposition) you wish to get.
If you have preference for any particular Christian Sect please name it.
You will also enclose our fee of \$5. You may pay of \$45 will be due to us within one month after marriage, thus making \$50 altogether. We do not undue ourselves in our introduction. We give as many as will be necessary until marriage. But we make no charge for any introduction after the payment of our said fee of \$5 for the first. It is not at all necessary you should be a wealthy man.
But it is necessary that you be a man who would make a kind and good husband to a good wife.
If you are not such a man do not write us.

The idea of appeals to be very prevalent among our numerous patrons and the general public that a new management has assumed control of the HERALD some weeks ago, many seem to have read the announcement of our intention to leave the plant, and not seen the subsequent announcement. We wish to emphasize the fact that we are still at the helm, and that no change of management is contemplated. We are confident of being in a better position to cater to the wants of the community than ever.

For the first time in the history of the town Ponoka this week more or less blighted by the trial of a man charged with the serious crime of attempting to ravish a small child. The case was brought by I. B. Loewen against Chas. E. Hedges, a member on the C.P.R. board of directors.

Before J. S. Slater, J.P., yesterday. The evidence produced at the trial fell far short of sustaining the charge preferred against the prisoner and the court rightly dismissed the case. While it was proven that the little girls Anna Loewen and Mabel Raul, aged 4 and 5, were approached by a stranger while playing in the Blain & McKelvey lumber yard last Sunday afternoon, but whether or not the man did so with evil intent was not shown. If it had been proven that the offender approached these innocent little girls with other than proper motives, then the offender would certainly have been remanded to the higher court, but on the other hand the charge brought is a most serious one, and should only be brought when there is a fair hope of sufficient evidence to warrant a conviction.
